

Engineering Technician

Location: The Dalles, OR

Design overhead and underground electrical system improvements and line extensions for subdivisions, light industrial and commercial projects in the beautiful Columbia River Gorge for Northern Wasco County PUD. Looking for a team player able to build credibility by providing quality work, even in extreme conditions.

- Ensure compliance with NERC/WECC Reliability Regulatory Standards, including maintaining documentation and implementing scheduled tasks.
- Process pole attachment permit applications and maintain accurate records.
- Ensure detailed 10-year facility inspection program is on schedule including reports on progress and statistics.
- Coordinate projects with customers, contractors, builders, city and county engineers.
- Knowledge of current OPUC and NESC codes and regs; working knowledge of local, state and federal codes and statutes regarding electrical distribution.
- Cross-training provided with CADD Drafting; must have working knowledge of plotters and printers.
- Ability to use work order costing software.

Job Requirements/Skills/Qualifications:

Associate's Degree in Engineering Field preferred; High school diploma. Three years minimum experience in the electric utility industry or survey-related work in the last five. Valid driver's license. Ability to work in variable work conditions including uneven terrain, heat/cold, rain and high winds. May require work outside normal business hours and respond to emergency power outages. Exposure to potential hazards.

Pay and Perks:

NWCPUD is located in a recreational area rivaled by none providing: water sports, hunting, bicycling, skiing, camping, hiking all within short traveling distance. Pay Range: ~\$40-55K (DOE); a wide variety of benefits offered, including generous PTO, medical/dental/vision, life insurance, STD, LTD, VEBA, 401(k) and 457(b).
